

Driver risk management for ALL employees and their families

For 25 years we've been working with organizations globally, helping them to create crash-free cultures, with a primary focus on improving behaviors. Our mission has been steadfast – to ensure that everyone who drives for work purposes returns home safely at the end of every day. Now, we're expanding our reach with our latest Mentor solution that can be used by employees and family members outside of a fleet driver safety program.

Introducing **Mentor Defender**, a new tailored version of our award-winning Mentor smartphone app designed especially for:

- **ALL EMPLOYEES**, not just those driving for work purposes
- **FAMILY MEMBERS**, particularly inexperienced drivers between the ages of 16-21
- **PARTNERS & CUSTOMERS**, who are part of your eco-system and whose safety and well-being matters to you and your employees

Mentor Defender Benefits

- > Reduced collisions, incidents, injuries, license violations
- > Ability to save on insurance premiums
- > Peace of mind from 24 x 7 emergency support and family/Circle location tracking (with approval)
- > Sustained driver behavior change backed by results
- > Reduced speeding events – by up to 82%
- > Reduced distraction/phone use events – by up to 57%
- > Reduced emissions; increased eco-driving
- > Driver privacy protection
- > Deep, respected expertise of eDriving & its partners

Proven Results

eDriving analysis conducted in December 2020 coinciding with 1.5 billion Mentor miles driven concluded that drivers initially categorized as Very High Risk or High Risk achieved marked improvement in FICO® Safe Driving Score and significant reduction in speeding and distraction events.

Driver Events Improvement*

Speeding

Distraction

FICO® Safe Driving Score Improvement*

*Improvement among 2 cohorts of Very High-Risk and High-Risk drivers using Mentor for 6 and 15 months, respectively.

Engaging, Life-Saving Features

FICO® Safe Driving Score

Through eDriving's partnership with industry analytics leader FICO®, drivers receive an individual FICO® Safe Driving Score, validated for its ability to predict the likelihood of a driver being involved in a collision.

eLearning

From hundreds of titles, engaging core (orientation) and targeted micro-training modules are prescribed to provide a solid foundation, as well as address individual risk patterns. Available in 26 languages with support for both right- and left-hand drive vehicles.

Emergency Response Services

With Defender's Automatic Crash Detection and Personal SOS features powered by Sfera and Bosch, crashes or personal emergencies inside or outside the vehicle will result in a call AND dispatch of help from one of Bosch's call centers serving more than 50 countries.

Gamification / Circles / Location Finder

Promotes friendly competition by enabling drivers to set up groups in which they can see fellow team members' progress/scores, and use emojis and chat functionality to send motivational messages. And with Circles' "Location Finder" feature, family and friends can view the location of loved ones on a map at ANY time for reassurance that they are safe or receiving needed assistance.

Mentor Rewards

Drivers can earn badges and collect points to redeem for rewards – either ours, your corporate program's rewards, or both! A great way to keep drivers engaged and committed to continuous improvement!

Personal Insurance Savings

Drivers can leverage their FICO® Safe Driving Score for savings on personal insurance, offered through Jerry.com, a licensed broker for over 50 insurance providers in the U.S. Safer drivers save more!
